

EYFS OUTDOOR POLICY

Introduction

Our setting is a place where everyone is treated equally, encouraged and respected. We believe that all children should be able to achieve their full potential academically, socially and emotionally. We are committed to our setting being a safe and inclusive place where learning is nurtured and encouraged in a happy, caring and fun environment. We all work for our school to be a happy place where good behaviour is expected and all children enjoy their educational journey.

“Outdoor learning makes a major contribution to children’s development. Young children will be missing out on important learning opportunities if quality outdoor provision is not available to them regularly”.

THE GREAT OUTDOORS BY MARGARET EDGINGTON

In our setting we recognize the importance of outside play and we aim to create outdoor areas which are stimulating, exciting, take account of the children’s interests and are used throughout the year as a learning environment.

We will;

- Use the outdoor space as a natural resource for learning
- Include children when planning for learning outdoors
- Provide the opportunity for children to access the outdoor area on a daily basis
- Ensure that the outdoor area offers children the opportunity to investigate and explore, problem solve, use their imagination and creativity
- Ensure the outdoors offers children the opportunity to develop their gross motor skills
- Encourage the children to respect the outdoor environment and care for living things
- Give children the opportunity to manage and use the space and freedom afforded by the outdoors
- Give children the opportunity to work alone or in collaboration with peers or adults
- Teach the children to use tools safely and appropriately

Method

- We will work together as a team to plan for learning
- We will include the children in the planning process by observing them and asking them what they would like to do outdoors
- We will take time to track areas on a regular basis to monitor use and effectiveness of the provision

- We will enhance and/or change provision when necessary
- We will provide access to suitable clothing and footwear for both children and adults in the EYFS in cases of extreme weather conditions and for when they are doing specific messy/wet activities
- We will encourage the use of sun hats and ensure sun cream is applied as and when necessary. Parents will provide cream for their child.
- We will conduct a risk assessment each day ensuring the area and resources are safe
- Key areas will have a separate risk assessment. (Developed in agreement with all EYFS staff and children)
- All staff will be mindful of safety whilst outdoors and if they feel safety is compromised in any way they must report it to the EYFS manager
- We will ensure that there is a first aider available and an adequate first-aid kit to hand in the case of an accident

“Being outdoors has a positive impact on children’s sense of well being and helps all aspects of children’s development”

All EYFS staff will know that the adult’s role in creating an effective environment is to;

NOTICE (observation) being able to see what children are ‘really’ doing

RECOGNISE (assessment) understanding the significance of what is taking place and what the thinking is

RESPOND (planning) making very careful decisions about what to do to support and extend the thinking and learning

And that an effective environment will always take children’s learning forward.

MONITORING AND REVIEW

It is the responsibility of the EYFS staff to follow this policy. The Senior Leadership Team will carry out monitoring on the EYFS as part of the whole school monitoring system.

This policy will be reviewed before the start of each academic year and will evolve to incorporate the views of all staff concerned.

Date: 16th July 2018

Review date: July 2020

Senior member of staff responsible: Edward Masterson (Head Teacher)

Designated member of school staff: Bethan Hill (Foundation stage manager)
