RE and Catholic Life

Mission Statement = Living, learning and growing in God's love.

Our new virtue for this half-term is **Intentional and Prophetic**. To be intentional means to plan our actions and choose to live how God wants us to. To be prophetic means to spread the word of God through how we live our lives. We have decided to try to be intentional and prophetic in looking after our beautiful world.

Dear God

Thank you for loving us and letting us make our own choices. Help us to remember that our choices have consequences. Please help us, when we have difficult choices, to make decisions that are helpful to us and to others. Amen

Sustainability

Our Earth Advocates are working really hard at the moment to ensure we are answering Pope Francis' call of 'Laudato Si.' Pope Francis wants us to look after the world that God gave us.

In school, we are improving our recycling by ensuring that we recycle everything that we possibly can. We are also putting all compostable waste into compost bins.

The children are emptying the recycle bins on a daily basis and educating their classmates on what can and can not be recycled.
